## ASBESTOS MANAGEMENT PLAN

### ANNUAL NOTICE OF AVAILABILITY

For School Year 2025-2026

Date: August 14, 2025

Dear Staff, Guardians and Students:

This notice serves to fulfill annual notification requirements in accordance with Section 763.93 of the Asbestos Emergency Response Act (AHERA). AHERA requires that all school buildings be visually inspected by accredited inspectors to identify all asbestos-containing building materials (ACBM) that may be present in the school environment. As required under AHERA, Sacred Heart School must maintain an Asbestos Management Plan (AMP) and keep the AMP on file at the school, and the School Administrative Unit Office. The AMP is available for review during school hours, Monday through Friday.

Periodic surveillance of known asbestos in Sacred Heart School is performed every six months by a designated person to assess the condition of the ACBM. Six-month Assessment Results are maintained and are also available for review in the AMP.

A copy of the Sacred Heart School Asbestos Management Plan is available at the school and at the main administrative office (153 ASH STREET, MANCHESTER, NH) during regular school hours.

Sincerely,

Maegan Koelker

Principal
