

Kids Eager for Engineering Program with
Elementary-based Research Science

STEAM Summer Camp

July 11-15 and July 18-22
Monday-Friday, 8:30am-12:00pm

For kids entering grades 2-4 in Fall, 2022

Offered on campus at the University of New Hampshire in Durham, KEEPERS provides a one week, half-day camp experience. We've revamped KEEPERS camp from STEM to STEAM!! Our expanded curriculum will include more general science, technology, engineering, math and lots of ART. Our teachers are planning an amazing array of fun activities to spur your child's interest and excitement for STEM by channeling their creativity into learning about the many aspects of their world - **Weather, Water, Environment, Motion, and Invention!**

Registration opens on **February 17th!**

To register, go to: <https://www.unh.edu/leitzel-center/programs/keepers-camp>

If you have any questions, contact: sandy.coit@unh.edu

Offered by:

University of New Hampshire

The Joan and James Leitzel Center for Mathematics, Science, and Engineering Education
